Milam Gets $5,681.97 In Dimes Drive

Farm Bureau Plans For Their Anniversary on 15th of Month

February 15 Last Day For Farm Bureau Youths To Enter Contest

February 15 is the final date for all Milam County youths, whose parents or guardians are members of the Farm Bureau, to register at the Farm Bureau office in Cameron to enter the Swine Contest at the Eighth Anniversary Celebration of the Bureau at Simon-George Hall February 17.

Every year two purebred pigs are won by lucky youths at this Farm Bureau meeting. Last years winners were Sharon Swanzy, the daughter of Mr. and Mrs. A. T. Swanzy of Burlington and Bertha Ann Miller, the daugher of Mr. and Mrs. Hugo Miller of Burlington.

Either boys or girls can register to win the pigs, the only requirements are that they sign a slip of paper stating that they agree to feed, care for and breed the pig under the direction of the Milam County Farm Bureau Swine Committee, and, if they win a gilt, promise to return either the best gilt with the certificate of registration from the first litter after it is 10 weeks old, or give the committee $15.00 in lieu of a sow pig. The pig or the $15.00 will be used as one of the prizes in this county for next year's contest.

Those entering the contest must also agree to keep an accurate record on their swine demonstration and make necessary reports to the Swine Committee, which is composed of Robert Jungmann, chairman, Bruce Lindsey and Joe Zajickek.

This all day celebration is in honor of the formation of the Farm Bureau in Milam County in 1943, and will begin at 10 a. m. and continue until 3:30 p. m.

Each family will bring a basket lunch which will be spread picnic style at lunch. The Bureau will furnish the plates, forks, spoons, napkins, coffee and bread.

There will be an address by Riley G. Arnold, Assistant Organization Director of the Southern Region of the Farm Bureau, who is well known for his work in the bureau and his lecturing abilities.

R. G. Arnold To Be Bureaus Guest Speaker

R. G. Arnold of Alburn, Ala. will be the guest speaker for the Milam County Farm Bureau's 7th Anniversary at an all day meeting on Thursday February 17 from 10 a. m. to 3:30 p. m. at Simon-George Hall, Cameron.

Arnold is assistant organization director for the Southern Region of the American Farm Bureau Federation, has been in Farm Bureau

organization work for more than a quarter of a century. He is widely known in Texas.

During the 1930's, he helped organize the present Texas Farm Bureau and has traveled extensively over the state speaking to Farm Bureau audiences. Arnold's territory at present covers 13 southern states and Puerto Ricc.

When he began his organization duties for Farm Bureau in the South, the entire Southern Region

53 Foodhandlers Certificates Are Awarded

Fifty-three persons from Cameron Food Stores, restaurants, drug stores and other places of business were awarded certificates in Sanitary Foodhandling at the conclusion of the State Department of Health Foodhandlers' School Friday.

D. S. Wimberly, representative of the Health Department said that there were 78 in attendance during the latter programs, but since they did not attend the first two sessions they were not eligible for certificates.

He added that he was well pleased with the participation of Cameronites and hoped that the school would return here in the next year or two so that more people could benefit from the lessions.

11 Wells Now Located In Milano Field

The shallow oil field located near Milano is growing rapidly with 11 wells now flowing, one gas well struck, two locations cited on the Terry property, which is located above the O'Neill lease, and one well to be started on the Caville property in the near future.

The Texas Gulf Sulphur Co. No. 1 Fee, a wildcat in that area, was drilling at 6,716 feet at the latter part of last week, on a 9,000-foot permit. This is the first deep well ever attempted in Milam County.

O'Neill has the largest number of wells per property owner, with seven now located on his lease and another reported to be near completion. L. B. "Boozy" Dukes has two, C. C. Calton 1, Lloyd Albertson, one, which is flowing under its own power with a pump not yet connected, with the gas well, struck by C. C. Coffield, located on the T. P. & L. lease.

New Oddfellow Officers To Be Installed

New officers will be installed at the Oddfellow Lodge Thursday, February 10, at 7:30 p. m.

District Grand Master J. R. Jenkins, Jr. of Belton will have charge of the installation ceremonies.

Theiler, Jr. Mr. and Mrs. Bentley Bryant and son, James Wilborn of Channelview, were also guests of Mr. and Mrs. Theiler Sunday. They attended the fat stock show and Rodeo while there.

Mrs. E. Davis Funeral Held 2:30 Tuesday

Funeral services for Mrs. Edward Davis, 54, who died instantly from a 12-guage shotgun blast at her home in the Elm Ridge community Monday, were held at 2:30 p. m. Tuesday.

The services were conducted at the Church of Christ in Cameron with Cato Sheerer, minister, officiating, with interment in the Oak Hill cemetery under the direction of Marek-Burns.

According to a report from Sheriff Carl Blacks office Mrs. Davis died of a charge which caught her in the left side of the chest.

No verdict had been turned in Monday afternoon.

Mrs. Davis is survived by her husband, Edward Davis of Cameron; her father, J. D. Rogers of Cameron; one brother, Milton Rogers of Cameron and a sister, Mrs. Viola Fench of Minerva.

Pallbearers were Albert Horstman, E. L. Lehnert, Herman Dodson, J. C. Cauthen, Luther Carleton and P. L. Jackson.

Scouts Plan Court of Honor, Family Night

Plans have been completed for a Court of Honor Meeting in the basement of the Methodist Church Feb. 10, Thursday night.

The meeting will begin at 7:30 p. m. Parents and friends of members of Boy Scout Troop Number 83 are especially invited.

Mothers of the Scouts are asked to bring a covered dish for an evening meal to be spread buffet style.

Mr. John Duke, local representative of the Boy Scouts of America in charge of Boy Scout Activities in Milam and Falls county will be present to present Scouting by picture to the Troop and parents.

Rev. John Solomon and Scoutmaster Allen Dodson will present Awards and Badges of Merit to members of Explorer Post and Troop Number 83, sponsored by the Methodist Mens Club.

Contributions to the Heart Fund are deductible for income tax purposes.

John Severs, Employed By Lone Star Gas, Retires After 25 Years

Rural fuel customers received their butane in 20-gallon drums when John Severs of Cameron went to work in Lone Star Gas Company's Stargas Department in June of 1930.

One of the first butane, or Stargas, salesmen employed by Lone Star, Severs retired January 31 under the company's insurance persion program.

"In the early days," Severs recalled, "butane was called bottle gas. We traveled over the system in a demonstration truck equipped with a kitchen operated on this bottle gas. We gave demonstrations at farmhouses and county fairs—and always had our kitchen-on-wheels on the ground when our home demonstration agents gave canning parties."

Severs, at the time of his retirement, was carried on the companys Waco Division rolls as a commercial salesman. He had been working on heating surveys for schools for approximately six years.

In preparation for retirement, Severs and his wife, the former Addie McFarland of Sweetwater, built a new home in Cameron. This was several years ago. He also invested in Cameron real estate, operates 300 acres of pastureland and has a small herd of cattle.

"I'll have plenty to do," he observed. "I'm going to do some work for the James D. Clow heating firm of Dallas. I'll make calls on architects and distributors. Then, too, I want to push this real estate development and continue raising cattle."

A native of Ashley, Ill., Severs moved to Texas in 1928. He worked for Community Natural Gas Company prior to his Stargas assignment. Before moving to Texas, he had worked 14 years for the United Gas and Electric Company, making him a 39-year veteran of the gas industry.

Severs has two daughters living in Cameron and a son living in Bryan. He also has a step-daughter, five grandchildren and two great-grandchildren.

Many Awards Received At Ft. Worth Houston Shows By Milam Residents

Henrietta Richter, and her father Henry Richter of Cameron, took many of the honors at the recent Fort Worth Livestock Show. Meantime other Milam County people placed high in the Houston Livestock Show.

Henrietta, who entered the junior show in Fort Worth, came back with the Grand Champion Duroc Borrow of the show. Her two light weight Borrows placed first and second place.

Her father, who entered his Borrows in the Breeder Show, captured first and second place with his Duroc Borrows. He also had the Grand Champion Pen of Three Borrows, the first and fifth place gilt; the third place gilt and also won third place with his get of sire. A seventh place was also added with his bore pig.

Mr. Richter sold all of his breeding stock at the show and received a large amount of prize money. One of the awards, in the amount of $50. was presented by the Duroc Association. The award was for having the Grand Champion Pen of three borrows. A story of Richter will also be featured in the Borrows Breed Magazine in the future.

Junior Stockmen of Milam county entered the Houston Fat Stock Show too and came home with some distinguished honors.

Fay Angell entered her steer in the Hereford class and won seventh place. Ferrel Angell's steer came in at 25th. Both are Yoe High

In the Shorthorn Class, a steer exhibited by Carroll Wayne Jungmann placed third. Joe Dean Zajicek of Buckholts had the fourth place steer with Rex McClaren of Cameron placing eighth.

John Robert Cattey of Sharp had the tenth place steer in the same class while the Angus steer of Robert Matyastik of Cameron, placed twenty-third.

In the Poultry Show Theo Fuchs, Jr. took a sixth place while Alvin Baggerly won nineteenth.

Charles Moraw of Cameron won a third place with his Duroc Borrow.

Pneumonitis High On Milam County Disease List

Milam County was germ-ridden again during the week ending Saturday, February 5, with 75 communicable diseases reported to the County Health Unit.

Listed on Dr. John B. Bryson's weekly report were the following disease, Virus Penumonitis, 30 cases; Strept. Throat, 17 cases; Influenza, 12 cases; Mumps, six cases; Virus Pneumonitis and Diarrhea, four cases; Measles, two cases Chickenpox, two cases and Tuberculosis, one case.

79 Register At Bloodmobile

Seventy-nine persons reported to the blood center to donate a pint of blood to the American Red Cross when the Bloodmobile visited Cameron Wednesday. Of this number 55 pints were given and 24 were rejected for medical or physical reasons, since blood will not be taken from anyone who may have a cold, fever, abnormal blood pressure, low iron content, recently ill or had an operation within a certain period of time.

These precautions are taken to protect the donor and recipient of the blood given, and does not necessarily mean that a person rejected can't give on a future visit of the Bloodmobile.

The Bloodmobile was in Rockdale Tuesday. Forty-five pints of blood were received from 62 volunteers, bringing the total number of pints received from Milam County an even 100, six pints short of the goal for each of the cities.

Cameron Nets $3,815.05 From Projects; Incomplete

22 Acts Performed Before Crowd Of 1000 At Farm Bureau and HD Party

Amateur hour acts played to a packed house Wednesday night at Simon-George Hall, for the March of Dimes Benefit Party given by the Farm Bureau and Home Demonstration Clubs of Milam County, in the most effective conclusion to the MOD Drive ever held in the county.

Approximately $700.00 was collected during the evening, which started at 6 p. m. with the sale of sandwiches, cakes, pies, coffee and cold drinks from the booths manned by Home Demonstration Club members with the food and drinks contributed by the ladies. They collected $100.14 from their sales before and after the program.

Prior to the amateur hour John A. Smith, Jr., president of the Farm Bureau, gave the welcoming address with Hinton H. Pruett, chairman of the Milam County drive recognized and introduced.

A. C. Wimpee, magician from Dallas, acted as the master of ceremonies for the 22 acts held at the party.

Three additional acts, by Joy West and Darlene Porter of the Buckholts school and Richard Wilkerson, playing his guitar and singing, were added at the last minute.

Smith said that he wished to thank the 50 some-odd businessmen who contributed prizes which helped to make the party a success Prizes were awarded for many reasons.

At the conclusion of the program cakes were auctioned off to the highest bidders, bringing the overall collections to $700.00.

Chairman Pruett said that he wished to thank all of the Farm Bureau members and Home Demonstration members for their hard work and to congratulate them on one of the finest programs ever held in Milam County.

He added that everything about the evening, the food, the actors and the master of ceremonies, was splendid.

Projects, parties and individual contributions have netted $3,815.05 for the March of Dimes in Cameron this year, with much of the credit due to the hard, selfless work of Hinton H. Pruett, chairman of the county drive.

This is the largest amount ever raised for the March of Dimes in Cameron, with special gift contributions from the business men, still incomplete.

Pruett reported that the total deposited in the bank from various portions of Milam County to date, including the Cameron contributions, amounts to $5,681.77. Many places in the county have not turned in their reports yet. The only towns that have not reached their 1954 total are Rockdale and Thorndale; Rockdale collected $2560 last year and Thorndale $1,000.

Cameron derived $845.00 from their Mothers March, conducted by Mrs. O. B. Harden, chairman, $705, from the Bucket Brigade and the school collections were $128.29 from Ben Milam and Ada Henderson, $74.87 from Yoe High School and $60.62 from O. J. Thomas schools.

Pruett said that a few collections are still coming in by mail and the special gifts are now being solicited. A complete report will be given at the conclusion of the donations.

Boxing Bouts Set At Yoe Gym Monday

The second boxing match will be staged in the Yoe High School Gymnasium Monday night, February 14 at 7:45 p. m. and will feature intermural bouts.

Coach Leo Jackson stated that approximately 15 bouts have been scheduled with only local talent participating.

Fans showed a lot of enthusiasm at the recent match held with Temple and a good crowd is expected to turn out for the matches Monday night.

Final Rites Held For Mrs. Esslinger Wed. Afternoon

Mrs. A. W. Esslinger, 82, died unexpectedly at a Cameron hospital at 7 p. m. Tuesday, February 8.

Mrs. Esslinger was born in Madison County, Ala., and had lived in Cameron since 1921.

Survivors include two daughters, Mrs. W. W. Gary of San Marcos and Mrs. Cornelia Weathersbee of Houston; five sons, Andrew Esslinger and Earl Esslinger, both of Cameron, Walston Esslinger of Fort Worth, Francis Esslinger of the U. S. Army in Germany and Roy Esslinger of Fort Worth; five brothers, H. L. Green, Sr., of Cameron, W. L. Green of Lubbock, A. N. Green of Cameron, J. C. Green and E. E. Green, both of Rosebud; two sisters, Mrs. E. B. Alexander of Wichita Falls and Mrs. A. C. Schaudies of Rosebud.

Funeral Services were conducted Wednesday at 3:30 p. m. by Rev. John Solomon, pastor, of the First Presbyterian Church, at the chapel of Green funeral home in Cameron. Burial was made in the Woodland cemetery in Rosebud.

Grandsons of the deceased acted as pallbearers.

TB X-Ray Unit To Be In Milam County February 21 to 28

By Milam Health Unit..

Phillip W. Gauss, Field Representative Tuberculosis Division, Texas State Department of Health visited this Unit January 18 in regard to dates for the next X-ray survey. Despite the fact that the State Health Department now has five mobile X-ray units the Milam county schedule met some drastic changes due to the heavy demand for this service from all parts of Texas. The X-ray Unit will be in Milam County From February 21 to 28.

An increase of Gonorrhea cases during the last two months has caused a shift in program so that much time is being spent in contact tracing by the Director and Sanitarian. Also a great deal of effort is being expended in following patients who have previously had treatment in order to clear the files of cases that are no longer active as well as determine the status of those cases that have not had post-treatment blood tests for syphilis.

The Dental Health Puppet Show is scheduled for April 12 -15, inclusive. A detailed schedule will be worked out during February.

Communicable disease cases for the month of January were as follows: Diphtheria 1, Gonorrhea 12, Hepatitis 1, Measles 2, Pertussis (whooping cough) 26, streptococcal infections 73, Syphilis 2, Tuberculosis 4, Influenza 64, Chicken pox 10 and Mumps 24.

Regular routine inspections of food and other establishments have been made during the month of January. A majority of all food establishments have been visited during the month in the interest of encouraging food handlers to attend a Food Handler's School, to be held in Cameron January 31 through February 4, and in Rockdale, February 7 through February 11. Inspections were not made of all of these establishments.

Also eighteen schools and school cafeterias were visited in the interest of the Food Handlers' School All cafeteria managers and workers have been urged to attend. Inspections were made in a number of these school cafeterias.

Several private water supplies and sewage facilities were inspected and reports made to the Veterans Administration relative to F. H. A. and V. A. loanns.

All nuisance complaints reaching this officer have been investigated and corrections were obtained in a majority of cases.

The Sanitarian enjoyed a visit and conference with David Parks, State Field Consultant, from the Central Office. Also C. B. Breedlove, Division of Public Health Education.

Visitors for the month:

David Parks, State Field Consultant for Sanitarians, Texas State Department of Health, Austin, Texas.

Fred Miller, V. D. Investigator, State Health Department, Austin, Texas.

Charles O. Blalock, Vocational rehabilitation Service, Texas Education Agency, Austin.

Mrs. Nell Faulkner, Bureau of Local Health Service, State Health Department, Austin.

Phillip Gauss, Field Representative, Tuberculosis Division, Texas State Department of Health, Austin.

C. B. Breedlove, Division of Public Health Education, Texas State Department of Health, Austin.

Bob Balusek Is New Assistant Penny's Manager

Bob Balusek is the new assistant manager working with Lewis McKee at Penny's department store in Cameron.

Balusek, whose home town is Taylor, was released from the Army December 24 after serving two years in the infantry in the Far East.

He was, prior to entering the service, employed by the Penny's store in Taylor where he worked for three and one-half years.

Yoemen Give Belton Cagers Big Scare Before Falling 53 to 48

Coach Dick Young's basketball team gave Belton the surprise of their life Tuesday night, but didn't score quite enough points as the Tigers edged them 53-48 in a District 22-AA tilt.

The Tigers had to go all out in their last appearance before the Belton fans to annex the win after trailing 10-12 at the end of the first period. The Yoemen, who would rather beat Belton than eat a good meal, made a battle of the game every inch of the way and they never quit scrapping. In fact, they scored two quick field goals with less than five seconds to play in the final period.

Joseph Michalka led all of the scorers for the night with 19 points to his name. Fred Petmecky, John Duncan and Benny Massengale were the outstanding defensive stars for the night. In points, though, Petmecky and Duncan each had 9; Massengale, 6 and Jimmy Rettig, five points.

For Belton, Tulloch held scoring honors with 18 points. Ward of the Tigers had 12.

In the B game, the Belton team also won, with a 41-35 score. Cunningham took scoring honors with 12 points while Smith of the Tigers had 11. Butch Polzer of the little Yoemen had 10 and Ray Green 9.

The Yoemen meet Rosebud Friday in their next tilt in the home gym.

Beef Briefs

Cattle shipped from Mexico into the United States were moving to range and feedlots over the country.

Many went into pastures near the border. Some went to lots in California and Colorado.

A thousand head which moved from the A. B. Whitehead and George Miers Ranches in Mexico and came in at Del Rio went to California lots and to Kansas and Nebraska.

Imports during the first year are expected to total 500,000, the U. S. Department of Agriculture reports.

Some border sources indicate that the number may not exceed 230,000.

Heavy movements of cattle into the United States have been reported from Mexican border points since the quarantine of cattle imports was lifted at the first of the year.

Relaxation of the foot and mouth disease ban on imports has resulted in extremely heavy shipments at some points.

Movement on the border opening far exceeded that which occurred when the border was previously opened on September 1, 1952, after the first foot and mouth outbreak in Mexico.

1955 Agricultural Conservation Program in Full Swing

The 1955 Agricultural Conservation Program is now in full swing and farmers are applying for needed soil and water conservation practices.

Farmers who are planning to construct terraces this fall, should be sure that they have adequate waterways now instead of waiting till the time they plan to construct the terrace system. If a waterway is needed the farmer should come by the ASC office as soon as possible and make his request for assistance.

Farmers who would like to seed clover this spring for cover and grazing or establish a pasture program may also make their request at the ASC office now.

The 1955 ACP is designed to assist farmers to carry out needed soil and water conservation practices, that they would not otherwise carry out without government assistance. The following listed practices are applicable to Milam County this year.

A-2 Initial Establishment of a Permanent Vegetative Cover for Soil Protection or As a Needed Lane-use Adjustment.

A-3 Establishment of Additional Acreage of Vegetative Cover in Crop Rotation to Retard Erosion and to Improve Soil Structure, Percity.

B-1 Initial Improvement of an Established Permanent Vegetative meability or Water Holding Capa-Cover for Soil or Watershed Protection.

B-7 Constructing Dams, Pits or Ponds for Livestock Water as a Means of Protecting Established Vegetative Cover.

C-1 Initial Establishment of Permanent Sod Waterways to Dispose of Excess Water Without Causing Erosion.

C-4 Constructing Terraces to Detain or Control the Flow of Water and Check Soil Eroision.

G-5 Constructing Diversion Terraces to Intercept Runoff and Divert Excess Water to Protected Outlets.

D-4 Establishment of a Vegetative Cover to Protect Cropland Throughout the 1955 Crop Year.

F-3 Seeding a Cover Crop in the Fall of 1954 for the Protection of Farmland From Winter Eroision.

Farmers are invited to come by the ASC Office any time and discuss these practices to find out how they will apply to their respective farms.

E. A. Perrin Named Milam Chairman Of ETC of C For 1955

E. A. Perrin of Cameron, Texaco Consignee and long-time civic worker, has been named Milam County chairman for the East Texas Chamber of Commerce for 1955, according to an announcement made by the regional chamber's president, K. A. Anderson, and general manager, Hubert M. Harrison.

Perrin accepted the appointment and pledged his efforts toward increasing the number of members and financial support of Cameron and Milam County to the East Texas Chamber of Commerce during the year, according to Bob Eitelman, manager of the member relations department of the East Texas Chamber of Commerce. One of the first jobs of Perrin as county chairman for the regional chamber will be to secure a large delegation from Milam County at attend the convention of the East Texas Chamber of Commerce in

Bryson Child Found Not To Have Polio

Local doctors referring the school aged daughter of Dr. and Mrs. John B. Bryson to the Crippled Childrens hospital in Waco for complete diagnosis announced today that it was their combined opinion that the child definitely does not have polio.

They explained that in any illness every precautionary measure is taken to rule out every critical disease and it was found, that every test, including the spinal tap, registered negative to poliomylitis.

Parents, who were informed by letter that it was thought that the Bryson child did have polio and were advised to see their family doctor for innoculations of gamma globulin, have now been advised to disregard the letter or call their family physician for information.

49,814 Texans Drafted In 1954

A total of 49,814 Texans enlisted or were drafted into the armed or were drafted into the armed forces in 1954, and at the same time, 57,187 were discharged or relieved from active duty.

This was revealed in a consolidated report Thursday by the office of Brigadier General Paul L. Wakefield, state Selective Service director.

Of the 49,814 persons getting into the armed forces from Texas, 36,975 enlisted, while 12,839 were drafted. Almost half of those drafted actually volunteered, but went into service through Selctive Service process.

During 1954, Texas draft boards sent 20,061 men for the pre-induction physical and mental examinations. A total of 11,997 passed these tests and 8,064 failed them. This is a rejection rate of approximately 40 per cent.

Under the law, responsibility for the rejection of registrants belongs to the armed forces, General Wakefield pointed out.

Under the doctors' draft law, Texas draft boards sent 106 doctors and dentists for examination in 1954, with 64 being accepted by the armed forces and 42 rejected.

A total of 37 doctors and dentists were offered commissions after receiving orders for induction. All accepted.

CYO Committees Appointed At St. Rita Circle

Committees were appointed to assist the Catholic Youth Organization in their chili supper and Bingo Party slated for Sunday, February 20, at the Simon-George Memorial Hall at the regular meeting of the St. Rita's Circle Wednesday afternoon.

Dr. Audrey Boyce, president, opened the meeting with a prayer and Mrs. Bill Balhorn gave the treasurers report.

Following the election of committee members Mrs. David Shapiro read an interesting article on "Sacrifice in Relation To Our Love of God".

The hostesses, Mrs. A. J. Matocha and Miss Emilia Mendrik served apple strudl and coffee after which the meeting adjourned.

Cub Scout Dens Plan For Blue, Gold Banquet

Chairman for the various committees in charge of arrangements for the Cub Scouts Blue and Gold Pot Luck Banquet to be held at Simon-George Memorial Hall February 22 at 7 p. m., were appointed at a planning meeting of the den mothers and William Voglesang, the new Cub Master.

The cub scouts and their families will attend the banquet, with each family bringing one dish, which will be served banquet style. It is estimated that there will be approximately 165 in attendance.

Each den will be responsible for its own centerpiece, which will revolve around the theme of the month, "Let Freedom Ring".

Chairmen are Mrs. W. C. Wallace, arrangements; Mrs. R. J. Woodum, greetings; Mrs. E. O. Schiller, Food; Mrs. Eugene Mees, Clean-up; Mrs. W. C. Wallace, invitations.

Four Cameron Girls To Attend State YWA Party

Four girls from Cameron will be among the more than 1500 attending the state YWA house party which will be held at 110-year-old Mary Hardin-Baylor college on Feb. 11-13.

They are Barbara Young, Joyce Edmonds, Rosemary Jones, and Evelyn Love.

They will be accompanied by Mrs J. R. Young.

With "Tell the Story" as the theme, Miss Virginia Wigno, a missionary from Italy, will lead the mission emphasis phase of the annual meeting. Other outstanding Baptist women leaders who will attend are Mrs. R. L. Mathis, president of the Texas Baptist Woman's Missionary union; Miss Eula Mae Henderson, executive secretary of the Texas WMU, and Mrs. Woodson Armes of Fort Worth

Rev. J. W. MacGorman of the Southwestern Baptist Theological Seminary in Fort Worth will be the guest speaker for the occasion.

Mrs. Richard Hollas Entertains 42 Club

Mrs. Richard Hollas entertained the 42 Leisure Club at their regular meeting Thursday afternoon.

All of the decorations were on the Valentine theme, with arrangements of red roses placed at vantage points throughout the living room.

High score prize went to Mrs. Charles Payne, with Mrs. Leo Fuchs as second high. Mrs. Fuchs also won the 84 prize.

Table cuts went to Mrs. A. Gurecky, Mrs. Slama and Mrs. Fuchs.

Mrs. Anton Hanel was visitor at the party.

Their next meeting will be held at the home of Mrs. Willie Mees on February 17.

Cubs To Display Work During Boy Scout Week

During Boy Scout week, February 6 through 12, each of the Cub Scout dens will have a display of their work in the J. C. Penny company window.

Each of the den mothers will select the best work of the boys in their achievement and elective work during the past year to display at this time.

The general public has been urged by the cub scout officials to take advantage of this opportunity to see what the boys accomplish in their den work.

College Slates Religious Emphasis Week

Final arrangements for Religious Emphasis Week at Southwest Texas State Teachers College at San Marcos are being made by the various committees who have been placed in charge of the program for the week.

R. E. Week, sponsored annually by the Student Religious Association, will be observed Feb. 6-10 this year. "Is God On Our Campus?" has been chosen as the central theme. The various assemblies, seminars, class and dormitory discussion groups are designed to carry out this theme.

Four speakers have been invited to address the daily assemblies to be held Monday through Thursday at 10 a. m. They will also lead the discussions in the classrooms, afternoon seminars, and evening dormitory "bull sessions."

Annual ACC Speech Tournament Feb. 11-12

The Abilene Christian College Speech Department expects an estimated 200 students from 25 to 30 colleges to be on the campus Feb. 11-12 for the 22nd annual ACC Speech Tournament.

East Central State of Ada, Okla., is defending champion, having captured the sweepstakes in 1954. Central State College of Edmond, Okla., was winner of the tournament in 1953.

The meet includes debate, extemporaneous speaking, oratory, poetry, Bible reading, radio and after-dinner speaking.

Wesley Braden On Blinn Honor Roll

Wesley Braden, son of Mr. and Mrs. W. E. Braden of Cameron was listed on the Blinn College honor roll this past semester.

The student must maintain a grade point ratio of at least 2.25, which is the equivilent of approximately 90.

Braden is a freshman student at the Brenham college.

Express Rates From New York Reduced 35 Percent

Reductions in express rates of 25 percent and as high as 35 percent to many points, on apparel and accessory items moving from New York, N. Y. and Jersey City, N. J. to all points in the United States are now in effect, it has been announced by G. Davis, agent of Railway Express Agency.

The rate slashes mean reduced transportation expense for both independent and chain-operated retail specialty and department store in this area receiving apparel shipments weighing 125 pounds or more from New York, the nations major apparel manufacturing center, the express agency representative stated.

The 100- pound rate which now applies from New York to Cameron, Texas on wearing apparel shipments from 125 to 299 pounds is $8.30 compared with $12.77 previously, a 25 percent reduction.

In adapting this new tariff to the needs of those expected to make greater use of express service, the Agency had the benefit of the counsel and cooperation of many apparel shippers and receivers, particularly the Women's Apparel Chains Association, Inc., New York, ton M. Fritch.

Income Tax Notice

F. J. Schultz of the Cameron Internal Revenue Service, said today that in order to file a complete income tax return, employees must attach a Form W-2, Statement of Earnings and Income Tax Withheld, from each employer for whom they worked during 1954.

Schultz also stated it would be appreciated if employers would make a special effort to furnish each employee with his Form W-2 statement at the earliest possible date. This will enable many employees to file an early return and, therefore, receive an early payment of any refund which may be due.

Eagles Win Again, 55 - 32

The Georgetown Eagles displayed their strength at their meeting with the Yoemen in the cage game Tuesday night, downing the Yoemen by 55-32.

Georgetown now has won five and lost one in District 22-AA competition, placing them in position to vie for district championship.

Cameron threw up a zone defense in the first half that held the Eagles to a slim 26-21 half-time lead.

Fred Petmecky was highpoint man for the local team with 13 points to his credit, with Joseph Michalka scoring 11.

Barney Stanley paced the winners with 19 points, followed by Bill Snowden with 11 and Charles Chance with 10.

Georgetown also won the B team game 52-43.

New Officers Of Den II Are Elected

"Let Freedom Ring", the February theme of the Cub Scouts was presented to Den II at its regular meeting Thursday at the home of Den Mother Mrs. Bill Wallace.

The meeting opened with the Pledge of Allegiance led by Ernest Vogelsang.

A short explanation of the word Democracy (rule of the people) was given and then Den Chief, Mark Perrin, took charge while an election of new officers was held, with the privilege of voting stressed.

New officers named in the elections were: Denner, Ernest Vogelsang; Assistant denner, Merlin Lester; Kepper of Buckskin, Lee Bert Robinson. A rousing cheer was given the outgoing officers in appreciation of their work during the past year.

Plans were made for Den II's part in the Blue and Gold Banquet which will be held February 22 at Simon-George Hall.

A discussion of great American Patriots was begun and plans for a skit, depicting the life of one of our great men, was formulated.

Following the game "Who Chopped Down the Cherry Tree", directed by the den chief, the boys were reminded to bring their best-made article of the past year to be displayed in the Pack Display in Penny's during Scout Week, February 6 through 12.

The meeting closed with the singing of "America".

Chiropractors To Meet In Waco February 13

Dr. E. O. Wood, professor of psychology at Baylor University, will be the main speaker at a meeting of the Central Texas district of the Texas State Chiropractic Association at the Roosevelt Hotel in Waco, Sunday, Feb. 13.

Dr. John E. Williams of Waco, Central Texas district president, said the meeting would open with a luncheon in the Huaco Room. Entertainment for the meeting will be furnished by the Four Tones, students from LaVega High school.

A report on a recent meeting of the State Board of directors in Austin will be made by Dr. George Fowler of Bartlett, who represents this district on the board. Dr. Walter H. Fischer of Temple, representing the Chiropractic Public Health Committee of Texas, will also be called upon to make a report.

Chiropractors from the following towns in the district are expected to attend the meeting: Austin, Bartlett, Bastrop, Belton, Brenham, Bryan, Burnet, Caldwell, Cameron, Clifton, Dublin, Elgin, Gatesville, Georgetown, Giddings, Hamilton, Hearne, Killeen, Lampasas, Llano, Marble Falls, Marlin, Hart, Meridian, Mexia, Rockdale, San Saba, Stephenville, Taylor, Temple, Waco Waxahachie and West.

Officers of the district, in addition to President Williams and State Director Fowler, are Dr. Sidney Isdale of Killeen, vice-president Dr. Alton T. Nash, Waxahachie, secretary, and Dr. R. L. Cochran of Belton, Dr. Oley Beard of Gatesville and Dr. Fred L. Charlton of Austin, district directors.

Greer Asks U. S. Boost Highway Aid

WASHINGTON Feb. 3— Texas Highway Engineer DeWitt C. Greer proposed Thursday the federal government's share in matching funds for the interstate system of highways be boosted to 75 per cent.

Greer, taking part in a panel discussion at a joint meeting on the economic report to Congress, suggested a 75-25 federal-state ratio so "a priority in this system might be purchased by the federal government, due to the interstate and military characteristics of this particular system of roads."

The Texas highway engineer recommended that the present 50-50 matching ration on second ary, urban and primary highway systems be continued, as well as local maintenance of public roads and streets.

More than 500,000 children are among the nation's 10,000,000 persons suffering from the diseases of the heart and blood vessels.

At least 11,200,000 workers are covered by some type of health, insurance or pension plan, according to data reaching the Chamber of Commerce of the United States.

Scouts of 56 nations belong to the International Scout Conference. The 5,561,993 boys and leaders have common ideals and similar activities and uniforms.

Americans probably carry more insurance than any other people, with life insurance policy holders numbering more than 90 million, according to the Chamber of Commerce of the United States.

A. F. Robinson Funeral Rites Held Sunday

Funeral services for A. F. Robinson of Hanover were conducted Sunday afternoon, Jan. 30, in the Liberty Community Church. Mr. Robinson died in a local hospital Jan. 29 after three weeks illness.

The rites were conducted by Rev. J. C. Solomon, pastor of the First Presbyterian of Cameron.

Burial was in the Liberty Cemetery.

Alexander Foster Robinson was born in the Cedar Springs Community near Troy, Abbeville County, South Carolina June 1, 1876. He came to Texas in the year 1897—settling in the Hanover Community. He was a resident of Hanover for fifty-seven years. He served as Postmaster for many years. He was engaged in farming and the mercantile business in that vicinity for a period of thirty-five years.

Mr. Robinson received his education in the schools of South Carolina. He united with the A. R. Presbyterian Church when a youth. He identified himself with a community whose life he enriched by his fine Christian qualities. His wife preceded him in death in 1929.

Surviving are two sons, Kelly Robinson and Joe Robinson of Hanover; two daughters, Mrs. L. J. Starr of Irving and Mrs. W. I. Ditto of Hanover; two brothers, D. F Robinson of Minerva and B. E. Robinson of Houston and a sister, Mrs. C. S. Terry of Cameron.

Also surviving him are seven grandchildren and several nieces and nephews.

Out of the county friends and relatives attending the funeral of Mr. Robinson were:

Dr. and Mrs. John L. Beard, Mr. and Mrs. Jerry Clark, Mr. and Mrs. R. E. Spann and daughter, Joan all from Irving; Miss Irene Starr, Dallas, Mr and Mrs. Layton Garner Moody, Mr. and Mrs. Judd Collier,Mumford, Mr. and Mrs. J. T. Hartley, Shreveport, La., Mr. and Mrs. William Hartley and son, Reed, San Antonio, Mrs. A. C. Hughes, Mr. and Mrs. Morris Hughes and Grady Hughes, Bryan, Mr. and Mrs. T. W. Hughes, Reita and Mrs. Roy Hughes and son, Bryan, Mrs. Betty Coulter, Cuero, Mrs. Lorena Johnson, Houston, Mr and Mrs. Chalmers Terry and son, Stanley Caldwell, Mr. and Mrs. Thomas Robinson, El Paso, Mr. and Mrs. L. J. Starr and son, Tommy Irving and son James, College Station.

Nitrogen Applied In February Aids Yield

Nitrogen topdressing for wheat and other small grains applied at the rate of 33 pounds to the acre during the month beginning February 15 will return substantial increases in yield, Texas Research Foundation advises. The topdressing has produced yield increases ranging up to 8½ bushels an acre at Renner. The 33 pounds of nitrogen can be obtained by applying either 100 pounds of ammonium nitrate, approximately 150 pounds of ammonium sulphate or 40 pounds of anhydrous ammonia to the acre.

W. W. Hall, pastor of a Church in Ft. Worth, Texas, will preach the sermons at the revival at the Full Gospel Church.

Regular services, with special music, and visiting musicians will be held every evening at 7:30.

Rev. H. M. Bowley, pastor of the local Church, will assist at the revival.

He urged everyone to attend the meetings, adding that Rev. Hall is an excellent speaker and a devout christian with from 45 to 50 years experience in the pulpit.

L. Winn Suffers 3rd Degree Burns From Explosion

Leonard Winn suffered third degree burns to his legs, according to the attending physician, when he poured kerosene in his woodstove which blew up when he lit a match to it at his home at 306 Scott Street at 9:45 p. m. Monday.

The resulting blast blew out the windows of the three room house and caught fire to the cloths of Went, causing him to spill the kerosene over the room. The blaze destroyed almost all of the personal property of the Wents, and partially damaged the house belonging to Mrs. W. T. Whatley.

Winn ran outside when his clothes caught fire and Jack Hardeman tore his clothes from him and rolled him on the ground until the fire was extinguished.

He was taken to a local hospital and Tuesday was transferred to McClosky Hospital in Temple.

High blood pressure, hardening of the arteries and rheumatic fever are responsible for about 90 per cent of all heart disease. Medical science, supported by the Heart Fund, is seeking to discover the basic causes of these disorders.

Hot Pie Pastry Demonstrated At Jones Prairie H.D.

The Jones Prairie Home and Garden Club met Tuesday Feb. 1 with Mrs. E. B. Yager hostess.

Potted plants of African Violets, and other plants were used through out the party rooms. As president Mrs. Yager presided over a brief business session.

Following games, Mrs. Robert Glenn demonstrated, Hot pie pastry and gave several pie receips. The hostess served pecan pie, coffee and ice tea and a small slab of the butter Scotch peach pie demonstrated by Mrs. Glenn to 12 members and one guest, Mrs. W. B. Burnett who was welcomed as a new member.

Next regular meeting will be Feb. 15, with Mrs. S. M. Harrell, hostess.

Cameron Gets 3.79 Rainfall In Four Days

Temperatures have varied considerably during the past week, with the mercury sliding from the 64 point during the middle of the week to a cool 37 degrees Monday morning.

During the four days of rainfall, which started last Thursday, a total of 3.79 inches of rain soaked into the dry Cameron area, promising the farmers a better start on their soil moisture.

A break-down of the four days crops this year, with better sub-rain shows .03 for Thursday; 2.36 Friday; .83 Saturday and .57 Sunday.

Only a few inches more of rain and Cameron will have more rainfall already this year than they had during 1954.

Today's forecast for Central Texas is partly cloudy with no important temperature changes, with warmers weather Tuesday.

Mr. and Mrs. Roy Crittenden of Dallas visited his mother Mrs. Maude Crittenden here over the week-end.

BACKACHES?

A condition usually followed by other symptoms of disease. Prompt relief can almost always be obtained through Chiropractic.

Case No. 202 A Cameron farmer - age 42, entered this clinic complaining of continuous pain in back & legs and it was impossible was found to be faulty and irritated nerves, for him to do his daily work because pains were so severe. A complete spinal examinati on was made, and the cause of his trouble due to a crooked and misaligned spine. Adjustments restored the crooked spine to normal - nerve tension was released and in a short time the patient was completely free of pain. He now works daily without pain or discomfort. Perhaps you need chiropractic care - call 1306 today for your appointment.

Tigers-Yoes Split Cage Double Header

Rockdale capitalized the backboard balls into points Friday night as they took the Cameron Yoemen for a 51-40 ride in 22-AA basketball.

The Tigers from the South end of Milam county took an early lead, give it up only temporary in the early moments of the game, took the lead again and stayed there until the finish.

The defensive services of Benny Massengale, who usually operated under the basket to snatch the balls that didn't go through the loop, was again greatly missed. Rockdale snatched at least seventy-five percent of the re-bounds.

The hottest "shot" of the ball game though was a Cameron lad, Joseph Michalka, who poured in twenty points. Ed Grubbs played tops for Rockdale, getting 15 points.

Rockdale lead at the close of all quarters, 10-9; 30-19 at the half; and 38-31 in the third quarter.

Other Cameron scorers were Fred Petmecky with nine; John Duncan and Gene Hillman, each with four and Jimmy Rettig with 3.

Key of Rockdale had 12 points to his name while McAdams was another high scorer with 8.

The little Yoe-Yoes won the B-team game, 41-36 in a thrilling finish. Trailing at the close of the ball game, the little Yoemen closed in and took the lead as the buzzer sounded.

Ray Green of the winning side had 16 points while Ronald Todd of Rockdale was second with 11. Arthur Marek scored 10, Gene Hillman, 7; Butch Polzer, 5 and Bobby Williams, 2.

Rockdale's Garaza also scored 10 points.

Mrs. Smitherman New C of C Office Manager & Secretary

Mrs. Barbara Smitherman became the new Chamber of Commerce office manager and secretary February 1.

She is by no means new at the job, having worked with L. G. Smith in 1952 and 53 and with Robert Abel in '53 and '54.

During the past seven months Mrs. Smitherman has been employed by the A. S. C. office, resiging her position when the Chamber of Commerce board of directors asked her to assume the managerial and secretarial duties at the C of C office.

She explained that most of the work formerally handled by the manager will be delegated to various committees but that she will be available to handle all the necessary C of C arrangements and duties.

Ask The Teenagers What They Think

If you want to know what's wrong with your town, ask the teen-agers, suggests the Chamber of Commerce of the United States. They'll pinpoint your faults for you in a way that will make you squirm. But you'll probably find their criticisms sound.

Further, says the Chamber, their complaints will give you clues about what to do with teen-agers

See Teenagers - Page 3

TEENAGERS — themselves. Juvenile delinquency undoubtedly could be cut by putting the teen-agers' suggestions into effect.

These conclusions are based on a unique survey conducted by the Independence (Iowa) Chamber of Commerce in the town's two high schools. The Chamber asked 160 juniors and seniors for frank answers to 24 questions about the community. The students were asked for their opinions on how to improve recreational and social facilities in Independence, what they thought of retail stores and whether they intended to remain in their home town, making it their home.

The students made it clear they needed better recreational and social facilities. They called for more selection and variety in stores, new lighting and color schemes, new store fronts and fewer "pouncing" clerks. About 50 per cent asked for a store specializing in teen-agers' clothes.

The most revealing answers dealt with their plans after graduation. Seventy-three said they expected to leave Independence, 13 expected to stay and 11 were undecided. As in other small towns, the chief reason for the plans to leave was lack of job opportunities.

The Independence Chamber reports that it has taken to heart the teen-agers' views. It is formulating plans for the development of present business and industry and to obtain new industry. Other improvements are in the works, too.

The National Chamber suggests that other towns might get similar results from consultation with the high school youngsters.

Federal Control Now Looms In Natural Gas Industry

The natural gas industry has grown rapidly over the last 20 years, and demand for natural gas promises to increase some two and a half times by 1975. Already, this fuel supplies nearly a quarter of the nation's total energy requirements, serving 21 million homes and hundreds of industries in 43 states.

But despite the industry's fine record, there is a persistent widespread misunderstanding of the nature of the industry, particularly that phase of it which involves discovery and production of natural gas. As a result, gas producers—who have traditionally competed with one another in a financially risky business—now find themselves subject to federal control. This control promises to discourage and thwart the kind of enterprising exploration and development of new gas supplies which are vitally necessary to meet the requirements of our expanding economy.

A new interpretation of the Natural Gas Act of 1938, by a 5-3 decision of the United States Supreme Court, has placed the production of gas by independent producers sold to interstate pipelines for resale under regulation of the Federal Power Commission, even though Congress did not so intend. To clarify its intent, Congress passed a bill in 1950 which specifically exempted gas production from federal control—but President Truman vetoed this bill. On 11 separate occasions, the Commission itself held that it had no jurisdiction.

Federal control will be harmful to the natural gas consumer's supply as well as to the industry. Discovery and development of new gas sources is a highly competitive and financially risky business. only one costly exploratory well out of nine, on the average, is successful.

If the producer's earnings are regulated, like those of a public utility, his incentive to undertake the financial risks of exploration and development is undermined The net result for the consumer can only be diminishing supplies of natural gas, and higher gas bills (since pipeline transmission costs, remaining the same even when less gas is transmitted, will still have to be met).

Under a competitive system, free of regulation, the price of natural gas has risen far less than commodity and cost-of-living prices in general. For the household consumer it has been a bargain and has remained cheaper than fuels in most parts of the country. The producer's price has made up about 10 per cent of the average household gas bill—the rest going to pipeline companies, whose earnings are already regulated by the Federal Power Commisson, and to local gas distribution companies, whose earnings are regulated by state and local agencies.

Beyond the fact that federal control holds no benefit for the consumer, it constitutes an entirely unwarranted interference with the production of a commodity. As such, it opens the door for federal control and price-fixing of other competing fuels and, indeed, of any commodity—from wheat to lumber.

The nation faces a gradual decline in the availability of a major source of energy.

It is important that the consumer and prospective consumer know the facts that influence the exploration and development of reserves to insure continued expanding supplies.

Accordingly, the Natural Gas and Oil Resources Committee was formed so that factual information about the industry could be brought to the attention of the public. Its activities are built around a public. its activities are built around a public relations program aimed at informing the public on:

1. The business of exploring for and producing natural gas.
2. The merits of a free natural gas producing industry operating a competitive economy.

In order to accomplish this the industry has approved an integrated public relations and advertising effort at national, state and local levels, for which the active support of all related industries and interested groups will be enlisted. The public should be made familiar with these principal points:

1. The natural gas producers of America, when free of federal controls, furnished consumers greatly increased supplies of gas at low cost.
2. Federal control can curtail exploration, deplete reserves and inevitably diminish supplies.
3. Because about 90 per cent of consumer bills represent transportation and local distribution costs now already regulated, federal control of gas production cannot possibly effect any significant savings
4. Because of keen competition in producing and gathering gas among thousands of producers, there is no need for regulation.
5. If competitive production of gas is controlled by government, it opens the door for the spread of federal regulation to any other competitively-produced commodity.

WE MUST HAVE ROADS

Gov. Allan Shivers in his message to the legislature this year says that Texas must have more money for highways. He urges an increase in motor fuel taxes for this purpose.

A bill immediately was introduced in the legislature by Rep. Charles Murphy of Houston and W. W. Glass of Jacksonville calling for a constitutional amendment which would dedicate all such new revenue to highway work. Later Murphy on his own introduced a bill calling for a 2 cent increase in gasoline and a comparable increase on LPG and diesel fuel. If a motor fuel tax is imposed by the 54th Legislature, it will be the first since 1929.

There have been other taxes on the automobile user, however, which have been both added and increased since that time. Unfortunately none of these taxes goes directly back to his own benefit as the fuel tax does.

The Murphy-Glass amendment is strongly supported by the Texas Good Roads Association because it would dedicate all future motor fuel revenues to highway building. Little disagreement can be found with this principle, especially in view of the tremendous demands now being made upon our highway system. We do not have to look far to see where our road money is going. For the most part it goes directly under rubber to provide safer and more economical operation of our motor vehicles.

We are today living in a motorized economy. We have within the the family car to the two car family. The automobile no longer is last half-dozen years gone from a luxury. It is a necessity. We must have it in every thing we do.

During the last two years the highway situation in our own county has become acute. We are using more automobiles and trucks in our daily living than we ever dreamed of even a half-dozen years ago. Our own businessmen have gone to Austin and were told by the highway department that there isn't enough money to get the job done. Meantime our automobile population and our human population is continuing to grow.

Accordingly there will be a lot tor fuel revenues be spent for the modernization of our highway system. Texas now has the best highway system in the United States—it must keep it.

Good highways are money savers and as such, they must have the support of everyone because everyone benefits from them. Give this a lot of study and then tell your legislator what you think of it.

Experts are predicting that our living standards will be doubled by 1975, in large part as the result of automatic machines.

Newspaper Advertising

SPACE WORTH $9,830,420 CONTRIBUTED—In spite of the fact that we preach, "You can't sell it if you give it away," there are times when newspapers have helped to accomplish considerable good by giving away space. The nation's newspapers and their advertisers contributed more space to national public service projects last year than in any year since World War II, according to the Advertising Council's annual report. Supporting 14 different public interest campaigns, such as U. S. Savings Bonds, Forest Fire Prevention, Safety, National Blood Program, etc., the newspaper advertising contributed was worth an estimated $9,830,420 — an increase of $700,000 over the previous fiscal year. "Advertising has helped diminish some national problems at a time when even one less problem was an occasion for some jubilation," said Chairman Philip L. Graham, in a preamble to the report.

Johnson Sues Press Association, And Manager

AUSTIN, Jan. 28—C. T. Johnson, unsuccessful candidate for lieutenant governor last summer, filed a $31,700 suit Friday against Vernon T. Sanford, general manager of the Texas Press Association, and the TPA itself, alleging violation of the Texas election code.

Johnson's suit, filed in 53rd District Court, claimed Sanford and TPA violated the code during the Democratic primary campaign by placing political advertising with newspapers in behalf of Lt. Gov. Ben Ramsey and paying a total of $12,100 for it.

Seeking re-election, Ramsey defeated Johnson, Austin real estate and insurance man, by a wide margin.

Sanford had no comment on filing of the suit.

The action seeks $24,200—exactly double the amount the suit alleges TPA paid out for Ramsey advertising—plus $7,500 as fees for Johnson's attorneys, the Austin firm of Yelderman and Martin.

The petition to the court alleges that on June 12 Sanford and the TPA, acting jointly, in "a writing addressed to all newspapers in Texas" authorized political advertising for Ramsey to be published June 17, promising to pay regular political advertising rates.

It further claims that more advertising for Ramsey was authorized by Sanford and the association on July 10.

On or about July 20, the suit alleges, Sanford and TPA made payments of $5,500 to newspapers for political advertising, and $6,600 more on or about Aug. 20.

The suit comes on the heels of action in the State Supreme Court this week involving Johnson and the lieutenant governor. Johnson had filed a petition in district court asking the court to force Sanford to give testimony relating to Ramsey's campaign expenditures.

Ramsey applied directly to the Supreme Court, obtaining there Wednesday a writ of mandamus and prohibition directing Johnson and his attorneys to take no further steps until a hearing on Ramsey's petition for an injunction against Johnson. Hearing on the injunction action is set for Wednesday.

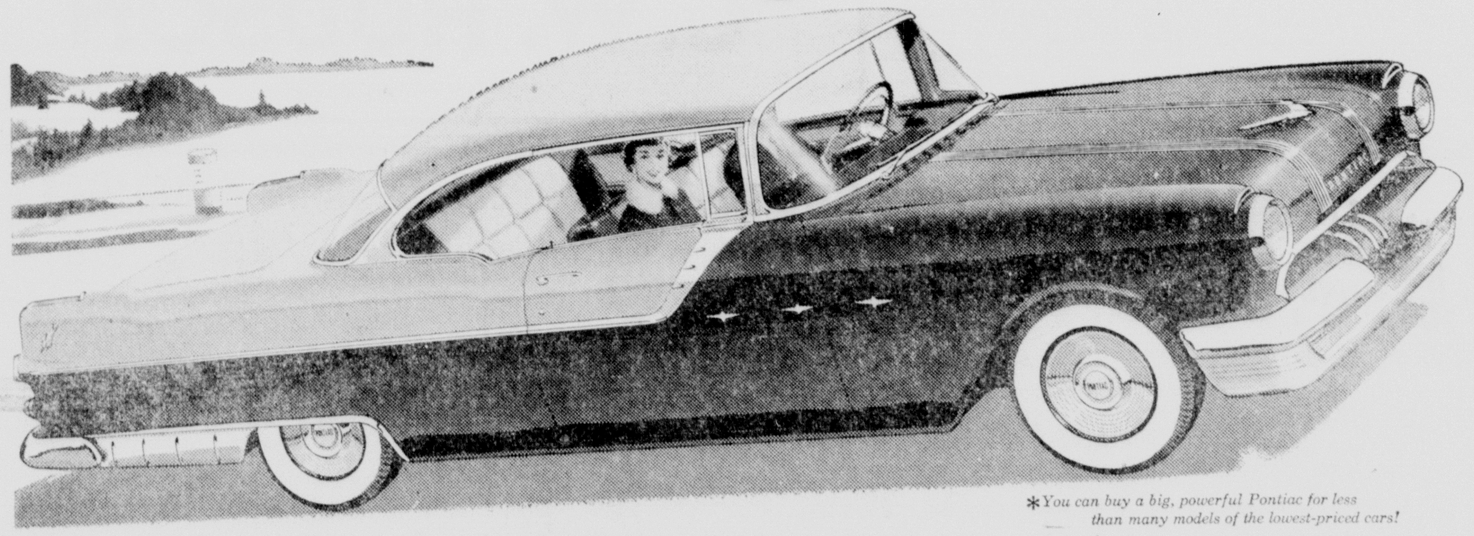
Only Car at its Price*...

So Smart! So Big! So Powerful!



*You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars!

Whatever you want most in a car—beauty, size or performance—you get it in extra measure in a Pontiac. In fact, when you choose Pontiac the decision comes very easily—because Pontiac alone, at its price, gives you *everything!*

For example, take Pontiac's distinctive smartness. Certainly there is no question on this point. Pontiac is the one car that stands apart from all the others.

If it's size and big-car sure-footedness you want—Pontiac's your car! Pontiac's long wheelbase—124 inches in the Star Chief, shown here, and 122 inches in the 860 and 870 series—is the *plus* wheelbase that provides the roominess, the comfort, the satisfying road-hugging security that only a big car can supply.

As for performance—once you get behind the wheel you have all the proof you need that Pontiac is way ahead in this department, too. Pontiac's spectacular performance starts with the most modern engine of all—the powerful new Strato-Streak V-8—specifically designed for Pontiac's all-new chassis to give you *balanced* performance. That means smooth, eager getaway in traffic; power to spare on the open road; and even more of Pontiac's traditional economy, dependability and long life.

All this adds up to a wonderful car and—with Pontiac's remarkably low price tag—a very wonderful buy. Come in soon and talk dollars and cents. If you're in the market for *any* new car, you'll discover you can easily afford all the pride and pleasure of a big, powerful, luxury-loaded Pontiac.

Go Modern...Go Pontiac WITH THE SENSATIONAL STRATO-STREAK V-8

ARNOLD — could boast of only about 25,000 Farm Bureau members. Now the membership total is pressing the half-million mark.

A witty, well-informed and inspirational speaker, Arnold is imbused with the philosphy of Farm Bureau. He has worked with farm problems all of his life. Before he joined the Farm Bureau movement he was a district agricultural agent in Alabama.

A full program has been planned by the Program Committee for the day. Each family is asked to bring a well filled basket and the food will be spread picnic style at noon. Bread, coffee, plates, spoons, forks and napkins will be furnished by the Farm Bureau.

John A. Smith, President of the Milam County Farm Bureau urges every Farm Bureau member in the county to attend this Anniversary Meeting to hear Riley G. Arnold who is an outstanding Farm Bureau speaker, also to hear and ask questions of James B. Marley, District Manager of the Social Security Administration who will discuss the new application of social security to agricultural enterprises, and to enjoy the many other attractions of the program.

Farm Bureau Work Unit Set Up At Buckholts

Recently a Farm Bureau meeting was held at the Buckholts school gymnasium for the purpose of organizing a local work unit. The following officers were elected: Mr. Arthur Inge, president; Mr. Joe J. Marek, vice-president and Mr. Cornelius Titsworth, secretary-treasurer.

The purpose of this organization is to increase farming efficiency and knowledge. The Farm Bureau is the farmers only organization thus far to help stabilize farm products and act as a farmers representative in governmental operations also a strong supporter of public school education and government farm agencies for its farmer.

The organization of the Farm Bureau Local is another step toward a stronger community. As in the past the adult Education group and the 4-H groups were brought together for meetings the same night and are continuing to do so favorably to condense time and expense to the families and to help increase attendance as well as promote education.

The Adult-program will still operate as per usual, when everyone is invited to attend, afterward there will be a Farm Bureau meeting to attend any business of importance. The next program for the public will be held at the Buckholts high school lunch room, February 14 at 7:30 p. m. with Mr. Romberg of Temple in charge.

Buckholts H. D. Completes Year Books For 1955

The Buckholts home demonstration club met Friday afternoon in regular session and filled out the year books for 1955.

The club voted to have one meeting on each second Monday night at 7:30 p. m. which is Farm Bureau and 4-H Club girls and boys meeting time.

The other regular club meeting will be every fourth Friday afternoon at 2 o'clock at which time Mrs. Alice Hughes, Home Demonstration agent will meet with the club. Mrs. L. H. A. Fuchs was hostess, serving hot coffee and cake. Those attending the meeting in the home of Mrs. Alice Hughes, county agent, to see the demonstration on the correct way to kill and dress chickens were Mrs. Theo Fuchs, Mrs. Robert Jungmann, Mrs. L. H. A. Fuchs and Mrs. S. M. Corley.

Poultry Marketing Specialist Kermit Schlamb of A & M College gave the demonstration, which club leaders will in turn, demonstrate to their club members.

Mrs. Hughs served Cokes, hot coffee and doughnuts at the close of the meeting.

Bethlehem H. D. Views Slides of Living Room

Mrs. Mason Longmire entertained members of the Bethlehem Home Demonstration club at her home Feb. 1.

Meeting called to order by president Mrs. Bob Terry. After the reading of the minutes, members answered roll call by telling a household hint with fourteen visitors, Mrs. W. E. Baldwin, Mrs. Janeway, Mrs. Dodson, Mrs. Timmon's Mable Jones, Mrs. McCellen and a new member Ms. Joe Tomerlin. Mrs. Paulie Jenkins gave the report of the council meeting.

The council recommendations were read and voted on by club members. Mrs. Robert Curry gave the arrangement of furniture.

After the close of the business session, Mrs. Alice Hughes, Milam county Home Demonstration agent showed slides of different room's some new homes and some of remolded homes. Following the close of the meeting the hostess served chicken salad on lettuce leaf pickles, potato chips, Ritz, candy hearts angel food cake and hot spiced tea.

Next meeting will be in the home of Miss Rogers Feb 15 in Cameron.

Adult Community Meeting Set Feb. 14 In Buckholts

An Adult Community educational meeting will be held Monday night, February 14 at 7:30 p. m. at the high school lunch room at Buckholts for a study on "Hybrid Seed Corn and Production."

Mr. Romberg of Temple, breeder of Romberg seed corn, will be present, and have charge of the program.

Since corn is one of our leading cash crops, these programs should prove of interest to citizens in this area.

The Community and friends are invited to attend. The program is not a Farm Bureau meeting, but an information program of education to farmers and businessmen. Following the program, a Farm Bureau meeting will be held if necessary to take care of any business.

A widespread interest has been shown during a series of previous meetings, under the leadership of Mr. Titsworth, vocational agriculture teacher at Buckholts and he says that through broadminded thinking, a well rounded program can be beneficial to each and every one who attends.

SOWS IN SHOW

Stanley Glaser of Buckholts, purchased two Registered Yorkshire Sows from Mr. Wayne Smith Jr., Lampasas, Texas. The Offsprings of these two sows still owned by Wayne Smith Jr. was shown in the 1955 Houston Fat Stock Show. From one Dam, a champion pen of three fat barrows of other breeds was shown and won, and from the other Dam a champion fat barrow of other breeds was shown and won.
